7th Grade Math 3rd Block 10:41 a.m. till 12:06 p.m.

Traditional Google Classroom Code is 3mmappgi

Remote Google Classroom Code is euws3e7

How should students access information for your class? Students will receive all information through Google Classroom under the tab Stream. If you are missing an assignment, please check stream daily. All classwork will be assigned through Classwork. If it is a written assignment, please return it through Kami by clicking on turn in.

Also make sure to check your school email daily.

If you do not see a turn in on Kami, please click on the share button on the top right, then copy and paste on a private message in the classwork page.

Also, Students will have lessons on IReady Math and Edgenuity. Edgenuity grades will be for grades. All parts must be completed to receive the grade. (Summary, Instruction, Lesson and Quiz) Each student will ONLY have three attempts to pass the test. After the first attempt write the questions down to improve your test score.

Students MUST login each day to class at their scheduled times. Cameras must be left on during instruction time.

If you can not login you must contact school to collect a packet.
