How should students access information for your class?

Information for classes will be uploaded on google classroom. I also use class dojo to notify parents of an upcoming quiz or test.

Where should assignments be turned in?

Assignments should be turned in on google classroom once the assignment has been completed. If a student is having any difficulties with assignments, they can email or contact me via class dojo or google classroom.

Is there any other information student should know about your class?

No

What are your classroom expectations for remote students?

1. Students MUST have their cameras on at all times to ensure they are present.
2. Students can have their microphone muted unless they are asking or answering a question.
3. Students are expected to be logged onto the meet link for the entire 41 minutes of class.
4. Students are expected to complete all assignments and quizzes and tests while we meet for class.
