***I schedule calls on the calendar. I'll continue to meet with remote students as usual; I'll meet daily with traditional/remote students at the times listed above. Students are expected to be ready for the call at the scheduled time.***

***I'll post class information on the teams main page. Student assignments can either be sent via email or attached to the assignment.***

***I do not require students to be on camera, but I do expect them to use microphones occasionally.***
